

## TALOS™ Recycler

# ENHANCING THE POWER OF NOTE VALIDATION

**Offering an enhanced payment experience for both customers and operators, the Talos Recycler accepts more bank notes so you never have to miss a sale.**

- Accepts up to \$20 notes, and stores up to 25 notes while recycling USD \$1 or \$5, to offer operators a 15% lift in sales with no recurring costs
- CPI Synq™ module compatibility provides access to mobile maintenance and repair guides
- Mobile device connectivity, paired with Simplifi™ mobile app, reduces at-machine service time by up to 50%
- 100% backwards capability enables seamless integration with existing bezels to streamline spares inventory
- Improved jam performance provides 50% decrease in jams as compared to previous models, allowing for fewer service calls and increased uptime
- Enhanced sensor technology and the industry's widest note coverage provide best in class fraud protection, ensuring rejection of all known counterfeits
- 2x faster note validation than previous models provides higher throughput during peak hours
- USB connection ensures seamless upgrades and data retrieval, reducing at-machine upgrade time by up to 80%

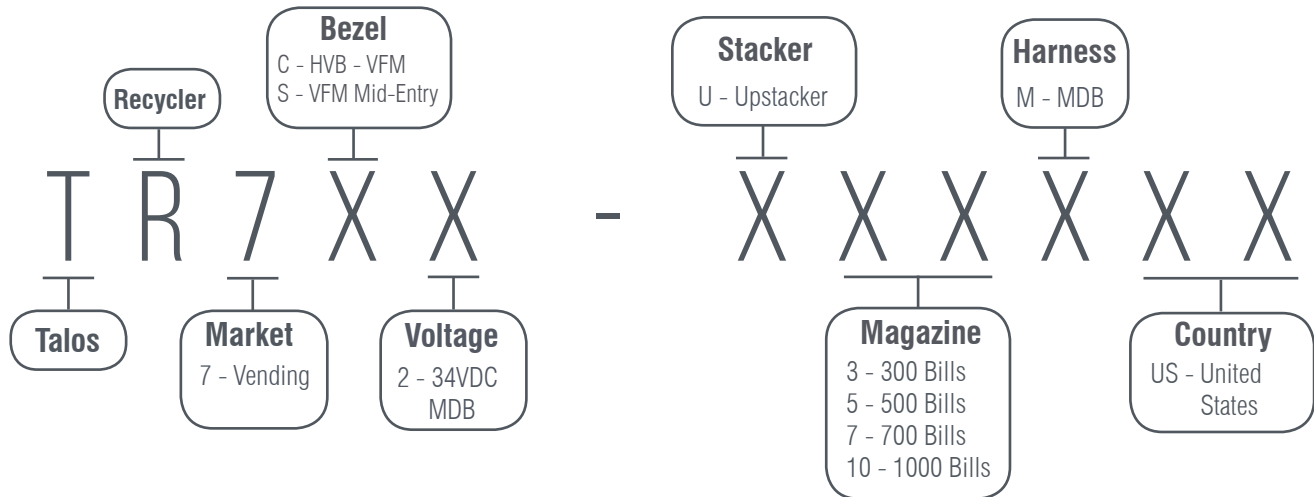

**Pair the Talos Note Recycler with the CPI Synq module for a fully-connected solution.**

# Talos Bill Validator Specifications & Benefits

## Configuration and Options

### Talos Model Configuration Sample
